The current vendors, since purchasing, have heavily upgraded the property in key areas such as the kitchen with feature granite work surfacing, the installation of both hot and cold air conditioning unit, the removal of an internal wall between the kitchen and dining area, creating a fantastic living space, making more of the front to provide off-street parking, and landscaping the rear garden into an idyllic entertaining and low maintenance garden space.

The property is situated on the old American Adventure Theme Park site, split into two developments by Harron and Avant Homes. The property was built approximately two years ago and still benefits from the remaining term of the NHBC warranty and because of the upgrades carried out by the current owners, the property is in ready to move into condition and would make an ideal long term family home.
