The property is well placed for easy access to the centre of Breaston village where there are a number of local shops, schools for younger children and excellent transport links also being within easy reach, all of which have helped to make this a very popular and convenient place to live.

The property stands back from the road and is constructed of brick to the external elevations under a pitched tiled roof and the well proportioned accommodation derives the benefits from having gas central heating and double glazing. In brief the house includes a reception hall, lounge with a feature flame effect wall mounted gas fire, a large dining/living kitchen which has wood grain finished units and double opening, double glazed French doors leading out to the rear garden.
