About this form

This form is completed by the seller to supply the detailed information and documents which may be relied upon for both the marketing of your property and the conveyancing process.

Part 1 provides the material information needed by estate agents to start marketing your property.

Material information is explained in the National Trading Standards Estate and Letting Agency Team's guidance to estate agents, *Material Information in Property Listings (Sales)*, so that property listings comply with the Consumer Protection from Unfair Trading Regulations 2008.

Some of the information in Part 1 will also be needed by your solicitor for the conveyancing process.

Part 2 asks supplementary questions, providing additional information which may be relevant for your property and is needed for the conveyancing process.

Instructions to the seller

The answers should be prepared by the person or persons named as owner on the deeds or HM Land Registry title or by the owner's legal representative(s) if selling under a power of attorney or grant of probate or representation. If there is more than one seller, you should prepare the answers together, or if only one seller prepares the form, the other(s) should check the answers given, and all sellers should then sign the form.

- You should answer the questions as accurately as you can from your own knowledge (or, in the case of legal representatives, you or the owner). You are not expected to have expert knowledge of legal or technical matters or matters that occurred prior to your ownership of the property, or information that can only be obtained by carrying out surveys, local authority searches or other enquiries.
- It is very important that your answers are truthful. If you give incorrect or incomplete information to the buyer (on this form or otherwise in writing or in conversation, whether through your estate agent or solicitor or directly to the buyer), a prospective buyer may make a claim for compensation from you or refuse to complete the purchase.
- If you become aware of any information which would alter any replies you
 have given, you must inform your solicitor immediately. This is as
 important as giving the right answers in the first place. You should not
 change any arrangements concerning the property (such as with a tenant
 or neighbour) and affecting the information you have given without
 consulting your solicitor first.
- If you do not know the answer to any question, you must say so. If you are
 unsure of the meaning of any questions or answers, please ask your
 solicitor. Completing this form is not mandatory, but omissions or delays in
 providing information may affect the sale.
- Please give your solicitor any letters, agreements or other papers which help answer the questions. The buyer will want the originals, where you have them, in due course, for example, guarantees. If you are aware of any material or information which you are unable to supply with the answers, tell your solicitor. If some of the documentation is lost, you may need to obtain copies at your own expense. You should also pass on promptly to your solicitor any notices or other information you have received concerning the property, and any that arrive at any time before completion of the sale. If you are not sure if a notice is relevant to the sale, ask your solicitor.

Instructions to the buyer

- If, separately from this form, you receive any information about the property (in writing or in conversation, whether direct from the seller or through an estate agent or solicitor or directly to you) on which you wish to rely when buying the property, you should tell your solicitor.
- The seller will only be able to tell you about matters they know. They may not have knowledge of legal or technical matters or the contents of reports. You should not expect the seller to have knowledge of, or give information about, matters prior to their ownership of the property. To obtain up-to-date information about these matters you must make your own enquiries and investigations or arrange for them to be carried out for you. Your solicitor will help you decide which searches you need when buying the property to provide you with the most up-to-date information.
- If you are obtaining a mortgage, please remember that the inspection carried out on behalf of your lender is not a survey but only a valuation for the lender's purposes. To satisfy yourself as to the physical and structural condition of the property, you should instruct a surveyor to carry out a survey for you. Even if the seller has guarantees or other documents relating to these aspects of the property, the seller is not giving any warranty of the condition of the property, and this is not included in the conveyancing work by your solicitor.
