Included Kitchen Cabinet

CABINET

Cabinets are the foundation of a kitchen with multiple sizes and shapes now available to navigate around any room.

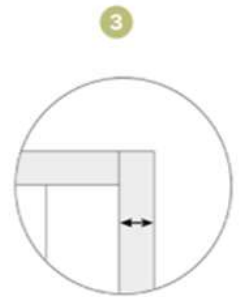

WHAT MAKES OUR CABINETS EXTRA SPECIAL?

18mm back panel for added rigidity on base units, means you don't need to worry about your cookware damaging the backs!

2mm PVC on leading edges prevents moisture from getting into the cabinet structure and causing damage.

Be assured of lasting quality with our 18mm thick cabinets as standard.

Unlike some other cabinets, our cabinets come with a 100mm cross rail to add further stability.
