Council Tax Band: E

CLOUGH HOUSE FARM

Clough House Farm is a Grade 2 listed building located in Green Belt, sitting atop of the Moors beyond Turton Tower with stunning and commanding views across the valley.

The outbuildings; barn, milking parlour are derelict and the main farmhouse requires major refurbishment. Attached to the farm are approximately 24 acres of grazing land.

Pre-planning consultations in recent years looked at developing the site and the Heritage and Planning officers were in favour of a hamlet type of scheme. Prior to this in the early noughties planning permission (now expired) was granted for a substantial dwelling to rise out of the milking parlour and adjacent silos. At present a scheme has been submitted to planning providing for a conversion of the farmhouse, outbuilding and the provision of 3 new dwellings, 9 dwellings in total.

Whilst there is current interest protracted delays in the transaction has resulted in this exciting opportunity being reoffered to the market.

Located in close proximity to Turton and Edgworth an area of prestigious and high value homes this is truly an exciting opportunity. Independent of developers and investors it also will appeal to ambitious householders with resources to restore the buildings for their own use with the potential, subject to planning, and at the buyers discretion variations to the current scheme submitted could enrich the project still further.

THE ACCOMMODATION COMPRISES
