AGENT'S NOTES

Please note that there is a covenant in place which does not allow the property to be enlarged from its current footprint and that a fence over 4' but less than 7' must be maintained along the boundaries abutting the roads.

The property is constructed from solid prefabricated panels which along with other load bearing walls support the timber roof construction on a concrete slab. Not all lenders are happy with this construction however we have found some. The vendor has insisted that if you require a mortgage you speak to our Financial Adviser prior to an offer being accepted.
