67 ST. THOMAS STREET

DESCRIPTION

Located in an old established secondary trading position approximately half a mile to the east of the city centre, St Marys Street makes an ideal addition to any investor's portfolio. The immediate surrounding area is mainly commercial in character comprising local and specialist shopping with adjoining users being Corals Bookmakers and a food outlet.

One of the biggest benefits to the area is the regeneration projects that have taken place over recent years, with a multitude of modern flats bringing further footfall to the local area.

The premises comprise a large purpose-built ground floor lock-up retail unit previously trading as a Tesco supermarket, with the first floor being a disused snooker club. The property forms part of a larger two storey building thought to have been constructed in the 1970's as a block of retail units. The main structure appears to be steel framed having brickwork elevations under a flat roof. The shop has a shop front and fascia with fitted security shutters, along with the additional benefit of a rear service road leading to a rear loading bay.
