Property Overview

Guide Price £300,000 - £325,000

Step inside and you're welcomed into a the kitchen diner, with the lounge sitting to the right. This cosy yet spacious room features a full-sized bay window that floods the space with natural light, and a central fireplace creating a true family hub. At over 15ft in length, it offers ample space for larger seating setups, play areas or relaxed evenings in front of the TV.

To the rear of the home, you'll find a kitchen of equal proportions — again stretching to 15'11 x 11'5 — giving you generous workspace and dining potential. Double doors open directly onto the low-maintenance, fully paved garden, which is compact enough to manage easily, yet perfect for summer BBQs, a children's play area, or simple outdoor seating. There's also the added bonus of a garage for secure storage or additional utility use.

Upstairs, the home continues to impress in terms of layout. There are three bedrooms, two of which benefit from built-in storage, making furniture layout simpler and more spacious. The family bathroom is also located on this floor and, like the rest of the property, is ready for someone to refresh with their own touches.

With off-street parking for one car and a garage, the practicalities are covered — while the structure and space allow for comfortable family living right from day one. It may need a little love in places, but the potential is clear: this is a home that offers flexibility, convenience, and the chance to build something truly personal.
