This outstanding residence is one of only six individually crafted apartments in this Grade II listed building, offering expansive and versatile living space spread across three floors, seamlessly blending restored period features with contemporary design and high-end fixtures.

The ground and first floors host the main living areas, with the centerpiece being the stunning open-plan kitchen/living space on the first floor. This 30-foot L-shaped room boasts the original stained glass window that extends across the first and second floors, meticulously restored alongside the stone surround and molded alcove. The kitchen is equipped with extensive fitted wall and base units, quartz worktops, and a glass splashback, featuring top-of-the-line NEFF integrated appliances including an induction hob, fridge freezer, and dishwasher. Additionally, a central island with a breakfast bar adds to the functionality and aesthetic appeal. The ground floor also offers an additional 30-foot living space, perfect for entertaining or as a cinema room, with direct access through the original wooden door to the expansive private garden. This meticulously landscaped garden, with a southerly orientation, ensures abundant sunlight throughout the day, complemented by a smart wooden storage shed.

Completing the ground floor is a convenient white-tiled shower room and utility room. The second floor boasts two equally spacious double bedrooms, each featuring vaulted ceilings, exposed beams, and floor-to-ceiling windows that capture the intricate details of the stained-glass feature window. Both bedrooms offer ample storage and boast en-suite bathroom and shower room, respectively, appointed with premium fixtures and fittings.
