The kitchen consists of cream, wood-effect, shaker style wall and base units with a stainless steel sink and drainer, four ring gas hob, overhead extractor fan, double oven and grill, plumbing for a dishwasher and space for a full height fridge freezer. The room is large enough to fit a table for ten people and if required by the new owner, the kitchen could easily be reconfigured to have an island style unit in the centre of the space. This third reception room has a feature coal effect gas fire and blue tiled surround and has plenty of space for multiple sofas. The double doors to the rear lead directly onto the patio.

At the opposite end of the landing to the master bedroom are bedrooms two and three. Bedroom three can comfortably fit a double bed and has the benefit of built-in wardrobes with wooden doors. In our opinion this property is a real find. Having previously been extended to essentially double the size of the original Victorian part of the property it now offers spacious, flexible and bright accommodation throughout and can easily be utilised to fit an array of potential different needs.
