An open plan living area offers a host of additional advantages. They're made for bringing people together because they combine two of the main activity hubs in your home - where you cook and where you relax. In this set up you could be whipping up a delicious meal, while the whole family is there with you. It's the perfect set up for lively conversations, shared activities, and family time. By bringing people and activities together, this floorplan offers a flexible living space that can improve home and work life balance, quality family time and entertaining.

The kitchen, which features stunning Quartz worktops, has plenty of space to prepare the most intricate of dinner party menus - and what a space in which to host!

To create a clear separation between the living and cooking areas, the cabinets and worktops have been arranged in a peninsula style, projecting from the wall. A coordinating island unit, complete with built-in ceramic double sink and additional storage cabinets, has been incorporated to complement this layout. A range of Neff appliances have also been fitted, including a microwave, induction hob, wine cooler and fridge. To the right side of the property, you will find two spacious bedrooms. The bedroom at the far end includes its own ensuite shower room, with

corner shower cubicle. There is a further bedroom along this side of the hallway, which is served by its own ensuite bathroom. This bathroom has been fitted with a freestanding oval bath, which gives the room a sophisticated, high-end feel.

The principal bedroom is located to the left side of the property. The room is well proportioned and bright, with a stylish ensuite double shower room adjoining the room.
