This Modern Detached Villa is situated in an idyllic location with open views onto Loch Fyne.

The property has a painted render exterior beneath a pitched, concrete tiled roof with pvc double glazed windows and a large integral garage to the front.

The house sits on a road side location with direct views onto the Loch and on the Loch side of the road are small shrubs and trees which many similarly positioned houses have dispensed with altogether to further enhance the setting. At the front of the house is a slabbed and chipped area with driveway and turning area and adjacent to this the remainder of the garden is ready to be either seeded or turfed by the new owner. Immediately outside the lounge and accessed via French doors is a raised slabbed patio area which provides views to both the front and the side. The rear area has a stone boundary wall and a slabbed pathway which also continues to the side of the property and leads to the front.

Internally the house has impressive accommodation over two levels with vaulted lounge ceiling downstairs and a very large upstairs bedroom/living room with beautiful wooden beams providing an excellent focal point.

If buyers were maybe looking to use a holiday let or part holiday let then the upstairs area could easily be self contained by adding an open plan kitchen and studio bedroom (subject to warrant) and the way the stairs have been sited means again this could easily be sectioned off from the lower half.
