Ground Floor

An entrance porch has a door opening to a spacious 'L' shaped reception hallway which has stairs rising to the first floor and doors opening to the ground floor accommodation. The formal dining room is positioned at the front of the property with a bay window and feature fireplace. The principal reception room has been extended and now approaches 24 ft in length with sliding patio doors opening to the extensive rear gardens. From here another door opens to a garden room which has been set up by the current owners as a home bar but could easily be used as a breakfast room since it interlinks the utility room and the kitchen. A ground floor cloakroom completes this level.

First Floor

The landing of the first floor has doors opening to all three of the bedrooms and to the family bathroom which is fitted with a white three piece suite with two windows to the side. The landing also has a second staircase rising to the useful attic room which has a Velux window to the rear and a door opening to extensive storage into the eaves.

Outside

A paved driveway provides ample parking space and leads directly to the front door and to the door which opens to the useful store room. There is a raised flower bed with mature planting. Directly to the rear of the garden is a good size flag stone patio area. Centrally located steps lead to the main portion of the garden which is mainly to lawn and fully enclosed by a range of fencing.
