Inside, there is a wide entrance hall and a spacious through reception room, with a bay window with plantation shutters, a gas flame fire to the front, and a more relaxed living area to the rear centred around a Stovax wood-burning stove. Sliding doors lead through to a bright conservatory currently used as a dining area, with bifolding doors opening directly out to the garden, making it a great space for everyday living and entertaining.

Alongside this is a well-appointed kitchen with integrated appliances, good storage and a Quooker tap providing filtered, boiling, and sparkling water. The kitchen connects well with the conservatory, creating a sociable and functional layout. A ground floor wet room and a separate WC are positioned off the hallway, adding useful flexibility for guests, children or future-proofed living.

The first floor offers four well-proportioned bedrooms and a family bathroom. These rooms are light and practical, working well for family use, home offices or guest accommodation.

On the second floor are two further bedrooms with sloping ceilings and built-in storage, along with a shower room. This level works particularly well for teenagers, guests or as a quieter space away from the main living areas.

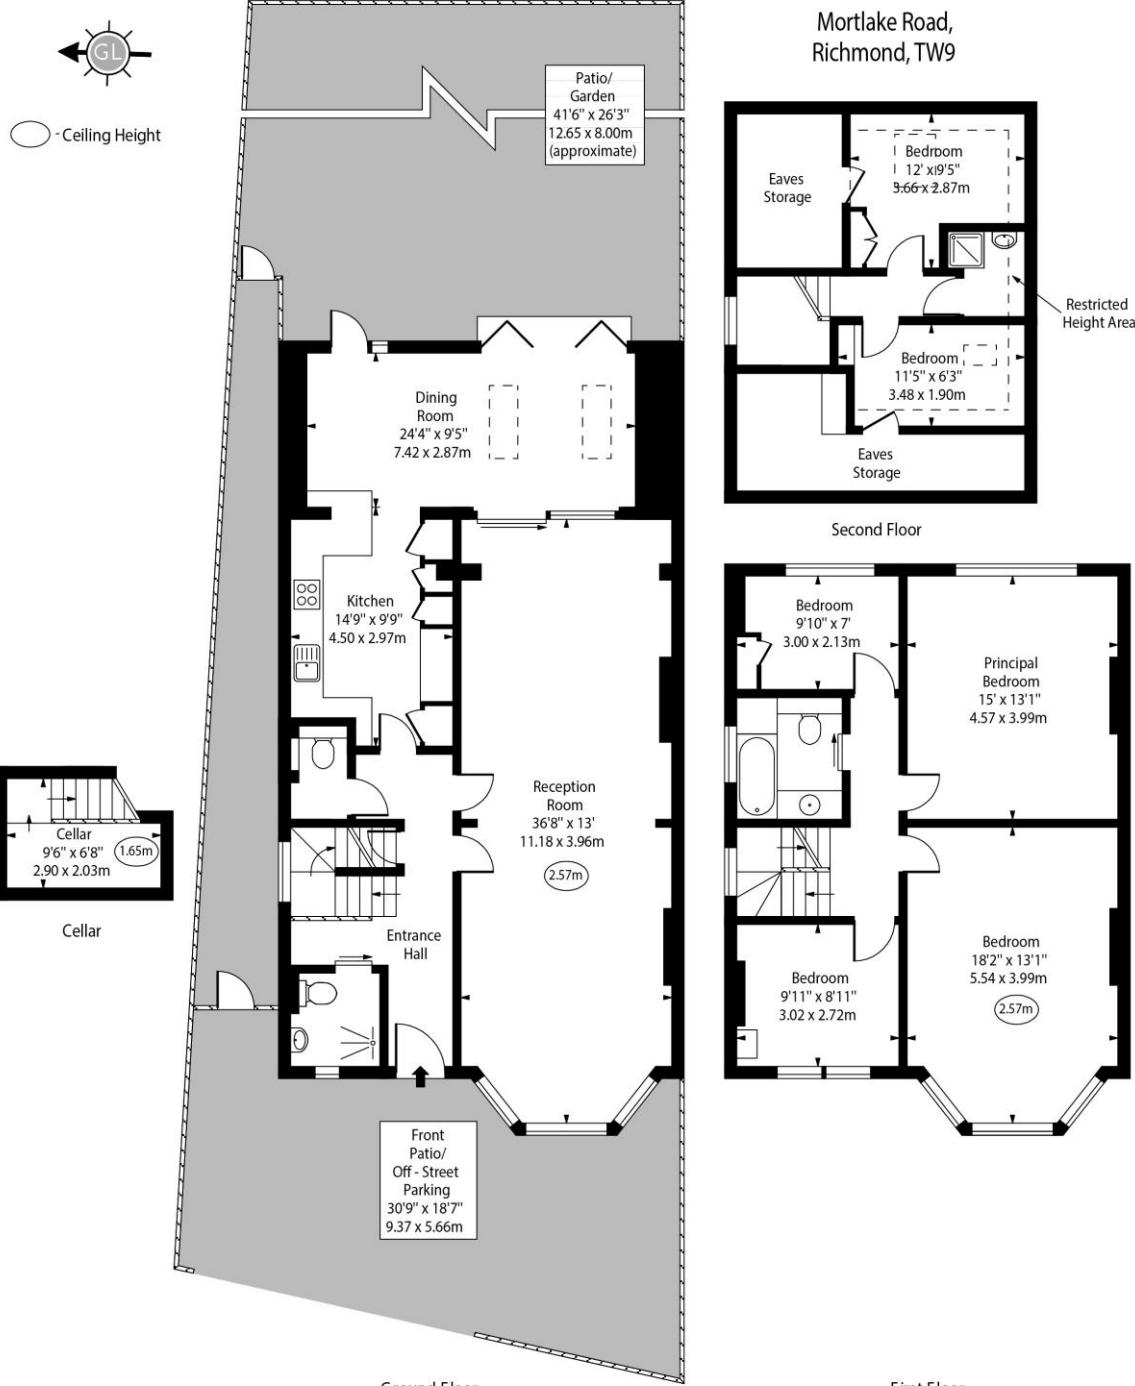

Outside, the rear garden has been arranged with a raised decked dining area, a central lawn and a separate seating space. There is gated side access, a garden shed for storage, off-street parking to the front and a cellar providing additional storage.
