A WORD FROM THE OWNER...

"This is the first property I owned and both the flat and the area have been a wonderful place to call home after relocating to London many years ago. Unlike other places I have lived in London, South Woodford has a warm community feel and I will really miss the neighbours who I now call friends. As a corner property, the flat attracts lots of light and doesn't feel overlooked or crowded, making it perfect for working from home as well. South Woodford has everything you need, including lots of green spaces and great places to eat and drink while offering easy access to London."
