OPPORTUNITY TO CREATE A STUNNING LIVE/WORK HOME
RIGHT IN THE HEART OF THE COTSWOLDS

Ever fancied living and working in The Cotswolds; creating a bolt hole to escape to from the city, whilst having space to work from when it suits?

With excellent rail links right on the doorstep in nearby Moreton in Marsh, it really is quite possible to create a lifestyle that enables one to enjoy the rich history and beauty of the region whilst maintaining easy access to London and Birmingham.

Live/Work Planning Consents have evolved to enable a purchaser the ability to live and work from home. Mulberry Cottage benefits from planning consent (22/01266/FUL) to craft a stunning rural home on the edge of the highly sought-after and picturesque village of Blockley, with a work element on a 70/30 split.

Although the current planning consent refers to a photographic studio, the use of the work space offers extensive options within Class E(g) of The Town & Country Planning (Use Classes) Order 1987 (as amended) and full details can be given upon request. Typically, office use is an obvious option but there is a vast range of possible uses that will comply with the planning consent - making this such an attractive opportunity.

Mulberry Cottage is set in a truly idyllic position; down a private drive with the mill leat running through the centre of the plot and Blockley Brook running along the southern boundary to offer a fabulously rural environment, rich in wildlife.

The Cotswolds are well known as an area of outstanding natural beauty with Blockley being situated between Chipping Campden and Moreton in Marsh (rail links to Oxford & London
