TESTIMONIALS

You will be joining a thriving business community and working alongside some fantastic businesses and amazing people. Here's what some of our JQ community has to say:

“

JQ
MODERN

Having been a very happy and loyal tenant of the JQ Modern Building since 2015, the length of tenancy speaks volumes!

We have always found the team at JQ Modern to be professional, friendly, and accommodating to our ever-changing needs as a business. Nothing is ever too much trouble from the Reception team to the Maintenance Team.

The venue is in the perfect location for visitors to our business. The communal areas are stylish and relaxed, yet suitable for any level of business meeting you may wish to hold. I cannot recommend JQ Modern highly enough and would say it's the perfect office space for anyone in Birmingham!

JQ
MODERN

We are delighted to be part of the JQM family. Our team loves the new working space and the opportunities it provides for both collaborative and quiet working, attractive spaces away from the desk, and a work environment they can be proud of.

The JQM team have been really supportive and “can do” about our move into the space, making it easier for myself, as the project manager, and also the team, to have a positive experience.

To feel part of a team with the same values and ethos as ourselves as an organisation has given everyone a new focus and energy about our new home!
