The Old Hall, with origins tracing back to the 14th century and once associated with a collegiate establishment, is a beautifully restored Grade II listed village hall located in a picturesque setting in the heart of the village. This historic property, acquired by the current owner in the 1990s, has since been thoughtfully transformed to create a blend of open-plan spaces and preserved period features that enhance its unique character.

At the front, an oak-framed porch with double doors opens to a spacious and welcoming entrance hall, complete with a workshop and cloakroom. This flows into a generous 34-foot open-plan kitchen, dining, and family room. With high ceilings, stripped wood floors, and exposed beams, the room retains its historical charm while offering modern functionality. The kitchen area is well-equipped with ample cupboards and solid wood countertops, making it both practical and aesthetically pleasing. The adjoining sitting and dining area features charming period details, including a working fireplace and a leaded mullion window with views of St. Mary's Church.

The upstairs layout is designed for flexible living, starting with a bright mezzanine area currently used as a bedroom, which connects to a versatile home office/dark room and a sitting room that could also serve as an additional bedroom. Stairs lead to the second floor, which houses a spacious bedroom and a large loft storage area. This thoughtful renovation of The Old Hall successfully combines historic features with contemporary comfort, creating a truly distinctive and inviting home.
