** TWO APARTMENTS **

An exceptional opportunity to acquire two separate one-bedroom flats. The freehold for the entire building is included. Located in a desirable area, this property offers immense potential for buyers looking to invest in a characterful property, or create a bespoke space. The apartments would make a fantastic rental opportunity.

Both flats provide a blank canvas for those with a vision to restore. With lapsed planning permission, the property could be converted into a single, spacious maisonette. The

previously approved plans were to include the addition of roof lights and new windows, allowing for an abundance of natural light and creating a bright, airy interior.

The initial entrance door provides exclusive use of the communal entrance for the two flats. On the first floor is Flat 3. Flat 3 offers an open plan Kitchen/ living area, with shower room and double bedroom. Both have large windows, allowing for plenty of natural light.

Stairs then ascend to Flat 4, which includes an open plan Kitchen/ living area, spacious double bedroom and shower room. Both apartments offer a pleasant outlook towards the historic United Reform Church opposite. There is also a sea glimpse.

Flat 3 currently holds an EPC rating of 59 which is a D rating. Flat 4 currently holds an EPC rating of 6, which is a G due to having single glazed windows and currently having no central heating. There is gas in the building so gas central heating can be installed in Flat 4 if required. Flat 4 is about to have three new double glazed windows installed which are hardwood sash windows and this should improve Flat 4's EPC rating.

The property is situated on the High Street and are centrally located to the town centre and sea front. Swanage offers a range of retail shops, eateries and a traditional steam railway line to Norton Railway Station. Nearby Studland has a picturesque beach, with toll ferry providing access to Sandbanks in Poole.
