Entering the property via the front door we are welcomed by the superb entrance hall where the feeling of space and natural light that flow throughout this home is instantly apparent. Doors from here lead to all of the rooms whilst attractive, original parquet flooring flows through the hall and continues into our sitting room situated on our right. This impressive dual aspect sitting room enjoys two large windows which look over the frontage filling the space with natural light and an open fire place providing a cosy focal point. At the rear we find the kitchen diner looking to the rear garden with a door leading to the same via a rear porch, a range of newly fitted units are set below contrasting worksurfaces and including an integrated fridge, freezer, eye level double oven, induction hob and dish washer. The units continue to form a large breakfast bar style seating area and space for the washing machine. Stepping back into the hall we find the newly fitted shower room, boasting a double width shower, wash basin and w/c. To the left of the entrance hall we step past a storage cupboard toward the bedrooms. Set to the rear we find the first two double bedrooms, the larger of which enjoys a fitted wardrobe whilst completing the accommodation at the front of the property the impressive master bedroom boasts double fitted wardrobes and a large window looking to the front.

Approaching the property from this quiet cul-de-sac we find the driveway providing our off road parking which leads to the garage. The garage boasts an up and over door providing ease of access whilst a personal door opens into the rear garden. At the frontage and the side of the property we find an extensive garden area framed with a low lying boundary wall. The gardens are hard landscaped with a range of gravel areas whilst a path leads from both the driveway and the side gate giving access to the front door and rear gate. At the rear we find a compact garden area which extends to the side of the garage again mainly hard landscaped and enclosed by timber fencing. A raised planter bed is in place whilst we find the oil tank in situ in the garden feeding the oil boiler in the garage.
