It's hard to believe that a semi-detached house that started off as a three bedroom property could finish up offering a total of five bedrooms complete with an en-suite bathroom and a family bathroom... but that's the case with this house at 13 Browning Road in Blurton!

The location of the house is really good and a substantial two storey extension has transformed the accommodation that it can offer. As well as UPVC double glazing and gas central heating from a combi boiler there is also a huge integral garage complete with electric up and over door and a toilet to the rear.

The master bedroom is complete with an en-suite bathroom with a shower over the bath and there is also a family bathroom.

To the rear there is an enclosed low maintenance garden with patio areas and substantial shed whilst to the front of the house you'll find plenty of parking space for several cars and we understand that the solar panels are in the ownership of the property and are not leased.

See our online virtual tour and for more information call or e-mail us.
