Shared ownership explained at Orchard View

Shared ownership is another way to buy your home. You buy a percentage and pay rent on the rest.

Who is eligible for shared ownership?

Shared ownership is an option for lots of people. In brief:

- Your household income is £80,000 a year or less
- Must be a first time buyer
- Previously owned a home and can't afford to purchase a property outright
- Returning to the property market for example after a relationship breakdown
- If living in a current Shared Ownership property then the property must be sold
- You must pass a financial assessment, proving financial capability to buy the minimum share value and monthly payments
- Must have a deposit of at least 5% of the share-value of the home.

Part mortgage/part rent, how does that work?

Shared ownership is part buy, part rent. This means you will have a mortgage on the share you own and pay rent on the remaining share. For instance, if you buy a 50% share of the property, you'll pay a mortgage on the 50% share, and rent on the remaining 50% share. Usually, you can also carry on buying shares, to own it 100%.

You'll have a lease, which is essentially the contract for the share you've bought. It means you've got the right to keep your home for the Lease Term of 990 years, but the land belongs to Your Housing Limited as illustrated on the site plan. Your lease also sets out how much you need to pay each month, and your responsibilities as a shared owner.

Please apply at: www.gov.uk/shared-ownership-scheme/apply

Can I buy more shares?

You have the option to buy further shares in the property at the market value when financially possible. This is referred to as 'staircasing'. The more shares you purchase, the less rent you will pay and once you have successfully staircased fully you will no longer pay us rent and you own the property outright.

Following this we will dissolve your lease agreement, meaning you're a full-fledged homeowner. We've so far helped hundreds of aspiring homeowners to purchase a new build home through Shared Ownership and a number of our homeowners have already 'staircased' to 100% already!

Rent to Buy explained at Orchard View

Rent to Buy is a government designed scheme which allows working households to rent a home at 20% below the open market rent (Intermediate rent) providing the opportunity to save for a deposit to go on and purchase their home in the future.

With Rent to Buy, you can live in a quality new build home at Intermediate Rent (approximately 80% of the open market rent) for a maximum of five years. During that time, you will save towards a deposit and have the option to buy your home through shared ownership.

Applicant Eligibility

At the time of letting, prospective Rent to Buy tenants must be working households and intending to buy their own home in the future.

- Prospective Rent to Buy tenants must be first time buyers or returning to the market following a relationship breakdown.
- Applicants will be assessed to ensure that they're eligible for the scheme and that they can't currently afford to buy a home on the open market.
- You can't apply if you already own another property.

FAQs

Q: What benefits does the Rent to Buy scheme provide?

Rent to Buy allows you to live in a new build property at a monthly rent (approximately 80% of the market rent). This reduced monthly rent is designed to help you save for a deposit to purchase the property in the future.

Q: Who is responsible for maintenance and repairs to the property?

Your Housing Group will provide a maintenance and repairs service under the terms of your tenancy agreement.

Q: What will I need to pay up front?

- You will be required to pay a full month's rent plus the remaining apportionment for the current month's rent before you move in to the property. This will allow time for your account and future direct debit payments to be set up.

- Payment will need to be cleared at least 48 hours prior to you moving in to your home.
- Once a moving-in date has been set our appointed PRS Officer will advise you of the amount you need to pay and arrange to collect the payment.
- All future payments will then be collected directly by Your Housing Group via a monthly direct debit on the first of each calendar month.

Q: Ongoing costs?

In addition to your rent payments, you will also be responsible for all utilities costs associated with the property from the day you move in. Meter readings will be taken at the handover meeting to allow for you to set up accounts in your name. You will also be responsible for Council Tax and telephone, Wi-Fi and TV subscriptions.

Q: Can I buy my home before the end of the five year period?

Once you have your deposit you can buy your home through shared ownership in the first five years (subject to YHG's agreement) and at the end of the five year term you will be able to purchase your home outright.

Q: What will happen when I am in a position to buy my home?

Firstly, a valuation by a RICS Chartered Surveyor will be required. Your Housing Group will arrange for the valuation to be undertaken on your behalf and you will be responsible for the cost. The valuation will confirm the current open market valuation of the property.

Should you proceed to buy your home, we will require an Agreement in Principle (AIP) from your mortgage lender, confirming that you're able to secure a mortgage.

Q: What happens if I cannot buy my home at the end of the five year period?

After the initial five year letting period YHG will contact you to review your current circumstances and housing options. YHG may require you to leave the property, continue to offer the property as Rent to Buy, offer to sell you the home on an outright basis - you will be given the right of first refusal; or retain and convert the home as rented housing on either an affordable or market rent basis.

Any decision will be at the discretion of YHG and we will inform you of our decision in writing at the end of the five year letting period.

During the five year period, we will contact you on an annual basis to review your financial status and check that Rent to Buy is still suitable for your needs
