Description

This deceptively spacious two storey end town house is thought to date from the early 1960's, having been constructed by National House Builders MacAlpine to good quality Corporation specifications of its day.

Occupying an elevated location with low maintenance gardens and good access to all amenities, the property is just a short walk away from Lower Farm JMI School and falls within the catchment area of the much sought after Walsall Academy. There are many sports and social facilities within the locality together with places of public worship, Motorway Connections and public transport services.

Being of instant appeal to both families and professional couples alike, the property has recently undergone a full refurbishment and re-decoration programme. Early internal viewing is therefore highly recommended in order to fully appreciate the following gas centrally heated and PVCu double glazed accommodation. (all measurements approximate)
