CHURCH SPA

An Enchanting Converted Church, Offering
Four Bedrooms and a Wealth of Character

Welcome to Church Spa

Prepare to be wowed by this enchanting converted church that dates back to 1893 and stands in an enviable position. Creating an outstanding four bedroomed detached residence, the current owners completed sympathetic renovations to repurpose this breathtaking building into a wonderfully unique home.

Offering a once in a lifetime opportunity, Church Spa presents one-of-a-kind living spaces that exude character and charm, whilst incorporating a fabulous blend of contemporary elements. Throughout the property, triple glazed windows with stained glass have been installed to conserve the period look of a church. The property also has the benefit of under floor heating throughout, which can be set separately for each room.

The heart of the home is the impressive living kitchen, which is located up a glazed staircase, and boasts an array of period features, such as a vaulted church ceiling with exposed trusses and pine flooring. Accessed from the living kitchen is a pleasant south-west facing roof terrace that provides the perfect spot for unwinding and entertaining guests. Another focal point of Church Spa is its excellent spa facilities that are centred around a heated indoor swimming pool, set beneath a vaulted ceiling. Also included in the facilities is a steam room, shower room and treatment room, allowing the flexibility for personal use or potential for a business venture.

All four of the double bedrooms are set across the ground floor and have the benefit of a walk-in wardrobe and two of the bedrooms have an en-suite shower room. As part of the granted planning application for the conversion in 2009, 'bed and breakfast' was included in the permission, providing fantastic potential for generating income.

Church Spa provides ample off-road parking within a cobbled driveway, which is accessed from High Street by electric wrought iron gates. There is also a detached double garage that has a useful storage space above. Situated to the rear of the property is a cobbled

Standing in an Envidable Position, Church Spa has been Sympathetically Converted to Create a Unique Home that Exudes Character and Charm

seating terrace, offering plenty of space for comfortable seating and having direct access to the spa facilities.

Church Spa is located in the quaint village of East Markham, which is home to a public house and a primary school. The property is a short drive away from the market town of Retford and provides a host of amenities such as supermarkets, shops, restaurants and cafes. Retford train station allows convenient rail journeys to London in under an hour, Doncaster and Sheffield. The A57 is easily accessible from the property and connects to Lincoln. Similarly, the A1 provides journeys to Newark-on-Trent, Grantham and London.

The property briefly comprises on the ground floor: Entrance hall, WC, cloaks cupboard, inner hall, family bathroom, bedroom 3, bedroom 3 walk-in wardrobe, bedroom 4, bedroom 4 walk-in wardrobe, master bedroom, master walk-in wardrobe, master en-suite, bedroom 2, bedroom 2 en-suite, bedroom 2 walk-in wardrobe, hallway, boiler cupboard, office, swimming pool, steam room, shower room, treatment room and plant room. Accessed externally is the double garage.

On the first floor: Living kitchen and roof terrace.

On the basement level: Cellar.
