Lime House is an individual detached house built of Clipsham stone beneath a pantile roof to blend with the traditional village scene and forms part of a small exclusive development of only four characterful homes on the site of a former orchard. The property offers spacious accommodation of some 1830 square feet and is stylishly fitted and elegantly decorated throughout. The ground floor layout comprises an entrance hall with cloakroom off, a comprehensively fitted kitchen/breakfast room with utility room off, a lovely drawing room, dining room and study. At first floor level there is a master bedroom with dressing room and bathroom en suite, a generous guest bedroom, two further bedrooms and a shower room. The house has been thoughtfully designed to allow the roof space to be easily converted to provide additional accommodation if required. Externally there is a good sized garage and a nicely landscaped garden. Early viewing recommended.
