Residential Development & Overage Clause

In consultation with the vendors, we believe that there is huge potential for further residential development on this site. Firstly, the stone built barn, located at the top of the field could be converted to a dwelling (subject to planning). Secondly, given that there is a separate access to the top field via Black Tor Rd, we believe that potentially, some of the land could be parcelled off into one or more building plots (again, subject to seeking the various planning approvals). For these reasons, the vendors intend to instigate an overage clause on any future residential development of the land. Further details are available on request.

Directional Notes

From our Wirksworth office proceed along the road in the direction of Cromford. As you descend into the village of Cromford, just before the pedestrian crossing, take the left hand turn into Water Lane (A5012). Continue along this road taking the turning on the right as signposted for Bonsall into Clatterway. Continue to climb Clatterway and the property can be found on the left hand side, identified by our For Sale board. The property is accessed via the ramp and driveway. In the first instance we would recommend parking on the right hand side just before Black Tor Rd (on your left) and approach the property on foot which is along the driveway where Greenbank will be found at the very end.

Council Tax Information

We are informed by Derbyshire Dales District Council that this home falls within Council Tax Band B which is currently £2125 per annum.
