The open plan ground floor accommodation is over 36ft in length and perfectly laid out to allow for a cosy front living room and a contemporary kitchen dining room with floor to ceiling bi-folding doors out to the south west facing garden.

The first floor, originally three bedrooms and two bathrooms, is just the start of the owners expansive changes to create the forever home. The layout now allows for two identical Children's bedrooms with built in storage, the original double bedroom, family bathroom and an essential linen cupboard.

The second floor has been redesigned to maximise the space with velux windows added alongside built in wardrobes a symmetrical entry into both the master bedroom and through to the extremely stylish four piece en suite.
