## Percy Road, TW7

This well presented and fully extended five bedroom Victorian property would make a wonderful family home. You will appreciate the spacious accommodation throughout, with the added bonus of no onward chain.

The ground floor consists of a front reception, a playroom/dining room, a downstairs WC, an exceptionally large and well appointed bespoke kitchen/dining room with bi-fold doors leading to the rear low maintenance garden.

Over the first and second floor are five bedrooms, one of which is a superb principle bedroom with fitted wardrobes, a family bathroom and a shower room both with electric underfloor heating. There is also a separate office and ample storage.

The property also benefits from side access to the rear garden for bikes etc.

Within the Catchment for the Blue School, Percy Road is a prime residential cul-de-sac within Old Isleworth, moments from the River Crane and within a quarter mile of the River Thames with its tow path walks into Richmond.
