

Normanhurst Drive, TW1

£999,950

Dexters

Normanhurst Drive, TW1

If you are looking for a light, bright and spacious home, this modern townhouse is an excellent choice. We love the private and secluded west-facing garden and off-street parking is an extra bonus. We imagine that this house will attract a variety of buyers as it offers fantastic value for money.

Arranged over three floors, the house offers flexible and versatile living accommodation. The opportunity is yours to arrange the house to suit your families needs.

On the ground floor the garage has been converted to provide a double bedroom or additional reception room, we will leave you to decide. The modern fitted kitchen is to the rear with plenty of space for the dining table and doors opening onto the gorgeous and secluded garden. Upstairs on the first floor is a useful study and a dual aspect living room, measuring over 30 ft in length. The top floor was formerly three bedrooms, which has been rearranged to create two large double bedrooms, of course this could be easily put back if more bedrooms are required.

Normanhurst Drive is a quiet cul-de-sac just off St. Margarets Road. Perfectly positioned within the catchment area of St. Stephens Primary School, St Margarets Station and village, with its choice of restaurants, cafés and boutique shops is a short walk away.

Features

- Off-Street Parking
