## Silverhall Street, TW7

This handsome three bedroom end of terrace Victorian family home is a real treat for the market. The private garden is wider and longer than average and the property still has plenty of potential for further extension.

The entrance hallway leads to the double reception room which houses the sitting room and dining room. The kitchen and conservatory is to the rear of the house and offers potential for a full width rear extension, we think this would be a fantastic addition to the property.

Upstairs on the first floor are two double bedrooms and family bathroom, the loft has been partially converted to provide the third double bedroom which could be extended further if you desire.

Silverhall Street is a quiet cul-de-sac in Old Isleworth which is 0.4 miles away from the River Thames and its tow path walks to Richmond. St Margarets Village and its cafés and train station is only 1.3 miles away.
