

Thornton Hill, SW19

£2,950,000

Dexters

Thornton Hill, SW19

An incredibly unique opportunity to fully renovate and combine three flats in to a luxurious semi detached, Victorian family home. There is a large garden and lots of period features.

The property is currently organised as three flats, with a lower ground floor, raised ground floor and first and second floor split level flat. There are already drawings in place for the property to be returned to its former glory as a beautiful Victorian forever family home.

The building, as a whole offers a huge amount of versatility, with a re-configuration of the layout, you have the opportunity to design a bespoke house, although there is of course still the option to individually refurbish each flat and add this to your impressive portfolio.

Thornton Hill is a perfect location to pop up to the village, or down to the town for the transport links. There is also an exceptional number of schools located within a short walk, including Ursuline and Donhead Preparatory Schools.

Located on Thornton Hill, one of Wimbledon's most highly regarded roads, close to Wimbledon Village, Ursuline and Donhead Prep Schools, as well as the town centre with district line, restaurants and bars.

Features

- Rare Project Opportunity
