Situated in one of Southborough's most desirable private no through roads, with views over playing fields and allotments is this very well presented and spacious detached family home set on a great size, private plot with further potential to extend if desired although it has been much improved by the current owners.

The property is approached over a driveway providing ample parking and path to the front door where you step into an entrance porch and from there directly into the modern and spacious kitchen/dining room. This room has a high ceiling with skylight and brickwork detailing given it a rustic feeling but with modern gloss black cabinetry and butchers block work surface. There is a useful utility room behind it which also provides access to the garage and garden.

Moving through the property is a snug/study which in turns leads to a sunny conservatory which is currently used as a formal dining room. From the study is one of the double bedrooms with built in wardrobes and its own cloakroom which can also be accessed by visitors.

The sitting room is the most impressive room of this property with high vaulted ceilings and Velux windows providing lots of light. There is parquet flooring and a fireplace making the room feel both spacious and snug.

The principal bedroom is a good size double room with built in wardrobes and a modern en suite bathroom. In addition, you will find two further bedrooms and the stunning family bathroom which has recently been refitted with a step in shower, bath, WC and basin.

Outside there is a garage in addition to the driveway and front garden and the side and rear gardens wrap around with kids play area and grown up patio seating with both sections being entirely private and enjoying a sunny aspect.

Homes presented to this standard, and in this location always sell quickly and we have no hesitation in recommending an early viewing.
