Green Credentials

The scheme will ensure a minimum 6% decrease in CO2 emissions over 2013 Buildings Regulations. As a result, occupation costs to the end user will be reduced.

The green initiatives will include:

- Low air permeability design
- Electric vehicle charging points
- Photovoltaic panels
- Warehouse roof lights increasing natural lighting
- High performance insulated cladding and roof materials
- Target EPC rating of A
- Target BREEAM rating 'Excellent'
- Secure cycle parking

Electric vehicle charging points

High performance insulation

15% warehouse roof lights

Secure cycle parking
