Description

Incredible opportunity to acquire a mid-terrace Grade II listed house. The property has been recently refurbished and benefits from having a private south-facing garden.

The layout of the house offers a spacious kitchen (fully fitted with white goods), a living area on the lower ground floor, and one of the bedrooms. There is a downstairs WC and a utility room next to it. The private garden is accessed from the reception room/kitchen. On the second floor there is an additional reception room and a bathroom alongside, and on the first floor are the two additional bedrooms.

NB The property has been virtually staged.

Location

Keystone Crescent is a cobbled street with little through traffic, comprising attractive Grade II listed houses set back from the main road. The Crescent is a very short walk to Kings Cross station and has a choice of busy restaurants, bars, and local shopping.
