The Redditch Gateway development is an exciting opportunity to build on the town's wealth of engineering and manufacturing expertise. The new development aims to promote and enhance supply chain links and to further develop the skills of the local labour market.

Redditch's location and accessibility is second to none. It is located within close proximity to three major motorways with Junction 3 of the M42 some 4 miles distant giving access to the M40 at Junction 3A M42 (umberslade interchange) and the M5 at Junction 4A (Catshill Interchange).
