Understanding the Contingency Fund

What is the Contingency Fund? The contingency fund is built up from deferred fees that are paid when properties are resold and the amount payable is determined by the terms of the lease. The fund is built up to cover major works, such as roof replacement, lift replacement, doors/windows etc. and MHA maintain detailed stock condition information on a scheme by scheme basis to ensure that sufficient funds are available when work is required.

Each year, MHA publish the balance of the contingency fund within the scheme's service charge accounts and this will advise leaseholders and potential customers on the balance and what work has been completed in the financial year that the accounts cover.

There is no financial liability on leaseholders to cover shortfalls in the contingency fund (as per the terms of the lease) and MHA would undertake

required works if there were insufficient funds, collecting any shortfall as properties sell.

In order to protect contingency fund monies for leaseholders these are held in individual scheme bank accounts, and this information is provided within the annual service charge accounts.

Restrictions

Restrictions on selling the property

Purchasers must satisfy the scheme's criteria (including age and support needs). The Manager will assess this prior to purchase. If an individual has personal care needs this will be assessed prior to purchase to ensure these can be met either by MHA or a care agency chosen by the purchaser.

There is no option for MHA to buy back the properties at Adlington House, Wolstanton.
