Hill End Farm | Hatfield Estate | Hatfield | AL9 5PQ

Description

The unit comprises a detached single storey warehouse that is in the process of being comprehensively refurbished and which forms part of a small collection of adjacent farm buildings and commercial units. The site is located behind electric security gates, with direct access to the A414 via a private estate road. The clear working height is circa 8m, with the intention being to finish the building to a shell with the ability to accommodate reasonable tenant requirements, subject to negotiation. The unit would particularly suit a storage operation that values a secure environment that is accessible yet discreetly located. Externally there is a large yard shared with the adjoining units where it may be possible to fence part adjoining the building.
