Description

Lower Barn House is a delightful, detached house offering three-bed accommodation found in a pleasant rural position. The grounds are of good proportions with ample off-road parking and a two-tiered lawned garden.

Situation

Three Cocks is a small village located equidistance between the popular market towns of Hay on Wye and Brecon. Facilities in the village include two public houses, a secondary school and a garden centre. Further facilities such as supermarkets, a leisure centre complex, theatre and a cinema can be found in Brecon about 12 miles away.

The world-famous book town of Hay-on-Wye is approximately 4.5 miles away offering an excellent range of independent boutique shops with a variety of public houses, hotels and small restaurants, along with a medical practice, two dental surgeries and library.

The surrounding landscapes are well known for their outstanding natural beauty. The Wye Valley and Brecon Beacons National Park, encompassing the Black Mountains, provide an ideal place to get away from it all, along with a wide range of outdoor activities.

The Accommodation

To the front of the property there is a porch leading into the front hallway. A door to the left leads to the sitting room which runs the full depth of the house and

features a window to the front, double doors to the rear garden and a feature fireplace.

To the right of the hallway is the kitchen/diner which is generously proportioned with a window to the front and rear, a good range of fitted units along with a gas hob, electric oven and plumbing for a washing machine.

Beyond the kitchen is a rear porch with a separate downstairs WC, wash-hand basin and an understairs cupboard.

From the hallway, a staircase leads to the first-floor landing giving access to all three bedrooms and the family bathroom.

All three bedrooms are considered double in proportion with the main bedroom having an L-shaped configuration and two windows to the front.

The family bathroom is well equipped with a w.c., panel bath with a shower over and wash-hand basin.

Outside

The property is approached through a gated entrance into a parking area at the front where there is a timber workshop (2.72m x 3.75m) with power and lighting to the side.

A paved pathway on both sides of the property leads to the fully enclosed rear garden which features a patio area, raised level lawn and a separate vegetable garden. There is also a garden shed and an outside tap with a ceramic basin.
