### Additional Information:

The lease has 105 Years remaining.

The current service charge is £4560.00 per annum and is reviewed yearly.

The ground rent is £476 per annum. The ground rent is reviewed every 5 years, as follows:

For the purposes of this Schedule the following provisions have the following meanings:

1.1 "the Base Figure" means the Index Figure for the month preceding the commencement of the Term.

1.2 "the Increase" means the amount (if any) by which the Index for the month preceding the relevant Review Date exceeds the Base Figure

1.3 "the Index" means the "All Items" index figure of the Index of Retail Prices published by the relevant Ministry or Department and any successor thereto

1.4 "the Initial Rent" means the sum of £200 per annum.

1.5 "Review Date" means the eighth anniversary of the commencement of the Term and each fifth anniversary thereafter.

1.6 "a Review Period" means a period beginning on any Review Date and ending on the day before the next Review Date thereafter

2.1 Until the first Review Date the Rent is to be the Initial Rent and thereafter during each successive Review Period the rent is

to be a sum equal to the greater of the Rent payable under this Lease immediately before the relevant Review Date or the Revised Rent ascertained in accordance with this Schedule

2.2 The Rent for any Review Period is to be the initial Rent plus the amount which bears the same proportion to the Initial Rent as the Increase bears to the Base Figure

2.3 If the reference base used to compile the Index changes after the date of this Lease the figure taken to be shown in the Index after the change is to be the figure which would have been shown in the Index if the reference base current at the date of this Lease had been retained

2.4 If it becomes impossible to calculate the Rent for any Review Period by reference to the Index because of any change in the methods used to compile the Index after the date of this Lease or for any other reason whatever or if any dispute or question whatever arises between the parties as to the amount of the Rent for any Review Period or the construction or effect of this Schedule then the Rent for that Review Period or the disputed matter is to be determined by an arbitrator to be appointed either by agreement between the parties or in the absence of agreement by the President for the time being of the Royal Institution of Chartered Surveyors (or any successor body thereto) or any person authorised by him to make appointments on his behalf on the application of either the Lessor or the Lessee. The arbitrator is to have full power to determine what the increase in the Index would have been had it continued on the basis assumed for the operation of this rent review. If that determination is not in the opinion of the arbitrator possible then the arbitrator must determine a reasonable rent for the Demised Premises having regard to the purposes and intent of the provisions in this Lease for the review of the rent

2.5 The landlord should give notice to the Lessee of the amount of the rent payable as from the Relevant review date
