Tenure: Freehold

Property Type: Detached Bungalow

Bedrooms: 2 | **Bathrooms:** 1 | **Receptions:** 1

With NO ONWARD CHAIN, this spacious two-bedroom bungalow includes a partially renovated loft space, providing an exciting opportunity to personalise and finalise an additional living space within the home. With multiple reception areas, a conservatory, and two bedrooms and a loft space, this home is ideal for downsizers, couples, or those seeking a countryside setting.

The home opens into a central hallway that flows through to a formal dining room complete with a charming fireplace, however the room could be versatile in its use, depending on individual needs. Following this, the home leads into a practical kitchen, fitted with both wall-hung and base-level units, as well as ample worktop space and room for appliances. Additionally, the home offers a convenient utility room - ideal for laundry or additional storage. Beyond the kitchen lies a bright conservatory offering garden views. To the left of the hallway is a spacious reception room, extending over 25 feet in length and offering dual aspect windows for plenty of natural light.

There are two bedrooms, both located towards the front of the home. Bedroom 1 is a generous double room, while Bedroom 2 is a compact double, also offering comfortable accommodation but could alternatively serve as a home office or guest room. The layout is completed by a family bathroom featuring a WC, basin, and shower, which serves both bedrooms. Upstairs, the home offers a partially renovated loft space that provides an exciting opportunity to personalise an additional living space.

Externally, this home provides a wrap around garden with both lawn and patio space. Driveway parking provides additional convenience, and a double garage offers further storage options.

This home offers an exceptional opportunity to personalise a single-storey property in a Hampshire village, with the added benefits of countryside surroundings and proximity to Stockbridge, Andover, and key transport links via the A303.
