

hoUSE, New Islington, Manchester

£1,950 PCM

Set in the revitalized and popular area of New Islington, less than a mile from the heart of Manchester city centre, these apartments are literally a hop, skip and a jump away from everything you could possibly want. Perfectly located for work, play and the many delights that our fantastic city has to offer.

Designed by award-winning architects Shedkm, these unique homes were designed to bring suburban living into central Manchester and come complete with private gardens and parking. Two things that are virtually unheard of with city centre living. Whilst on the outside you'll find a sleek looking home, inside you'll find an incredibly modern interior with more space than you could shake a stick at. Throughout the front door and throughout the downstairs are sizable windows making full use of the natural light. Not too much that you need to grab your sunnies, but just enough to put a smile on your face.

The spacious kitchen is perfect for late night dinners, Sunday roasts and a cheeky glass of wine and is ideally set next to a large dining space. The lounge has large patio doors that lead out into the immaculately presented and low maintenance private garden, you also have a downstairs bathroom for convenience. But you probably won't care about that. We reckon we may have lost you at the mention of the garden. You're thinking of BBQs right now aren't you?

Up the stairs you'll find three large bedrooms, a large bathroom and oodles of storage. You even benefit from a balcony on the front and a Juliet balcony at the back. What more could you possibly want?

If you're interested in having a closer look, or have any questions, do get in touch. And just so you know, the pictures for this apartment are for marketing purposes only, so the internal fixtures, fittings and furnishings may vary.
