The Location

The site is situated to the north west of the thriving market town of Market Drayton, only one mile from the bustling town centre with its wide range of amenities and facilities.

The area has excellent road links via the A53 and A41 to the M54 and M6 motorways and a mainline rail station is found at Stafford with a direct line to Euston in 1 hour and 15 minutes.

The network of quiet country lanes and footpaths within the area offer miles of off-road walking and cycling routes.

The Site

The small cul-de-sac development comprises seven units based on four property types. House types A and B are three bedroom semi-detached houses with a total GIA of approx 80.66m² and 98.20m². House type C is a two bedroom semi-detached bungalow with a GIA of approx 70.69 m². House type D is a two bedroom detached bungalow with a GIA of approx 100.28 m².

Each plot has private garden space to the rear and two dedicated parking spaces adjacent to the property. The gardens are well-screened from the properties to the rear and the road with mature trees and a close boarded fence ensuring privacy.

Access

Access to the site once developed is not from the A53 but via Red Barn Road. The vendors have the benefit of an option agreement to acquire land at the end of Red Barn Road to facilitate access (further information from the Joint Agents).

Planning

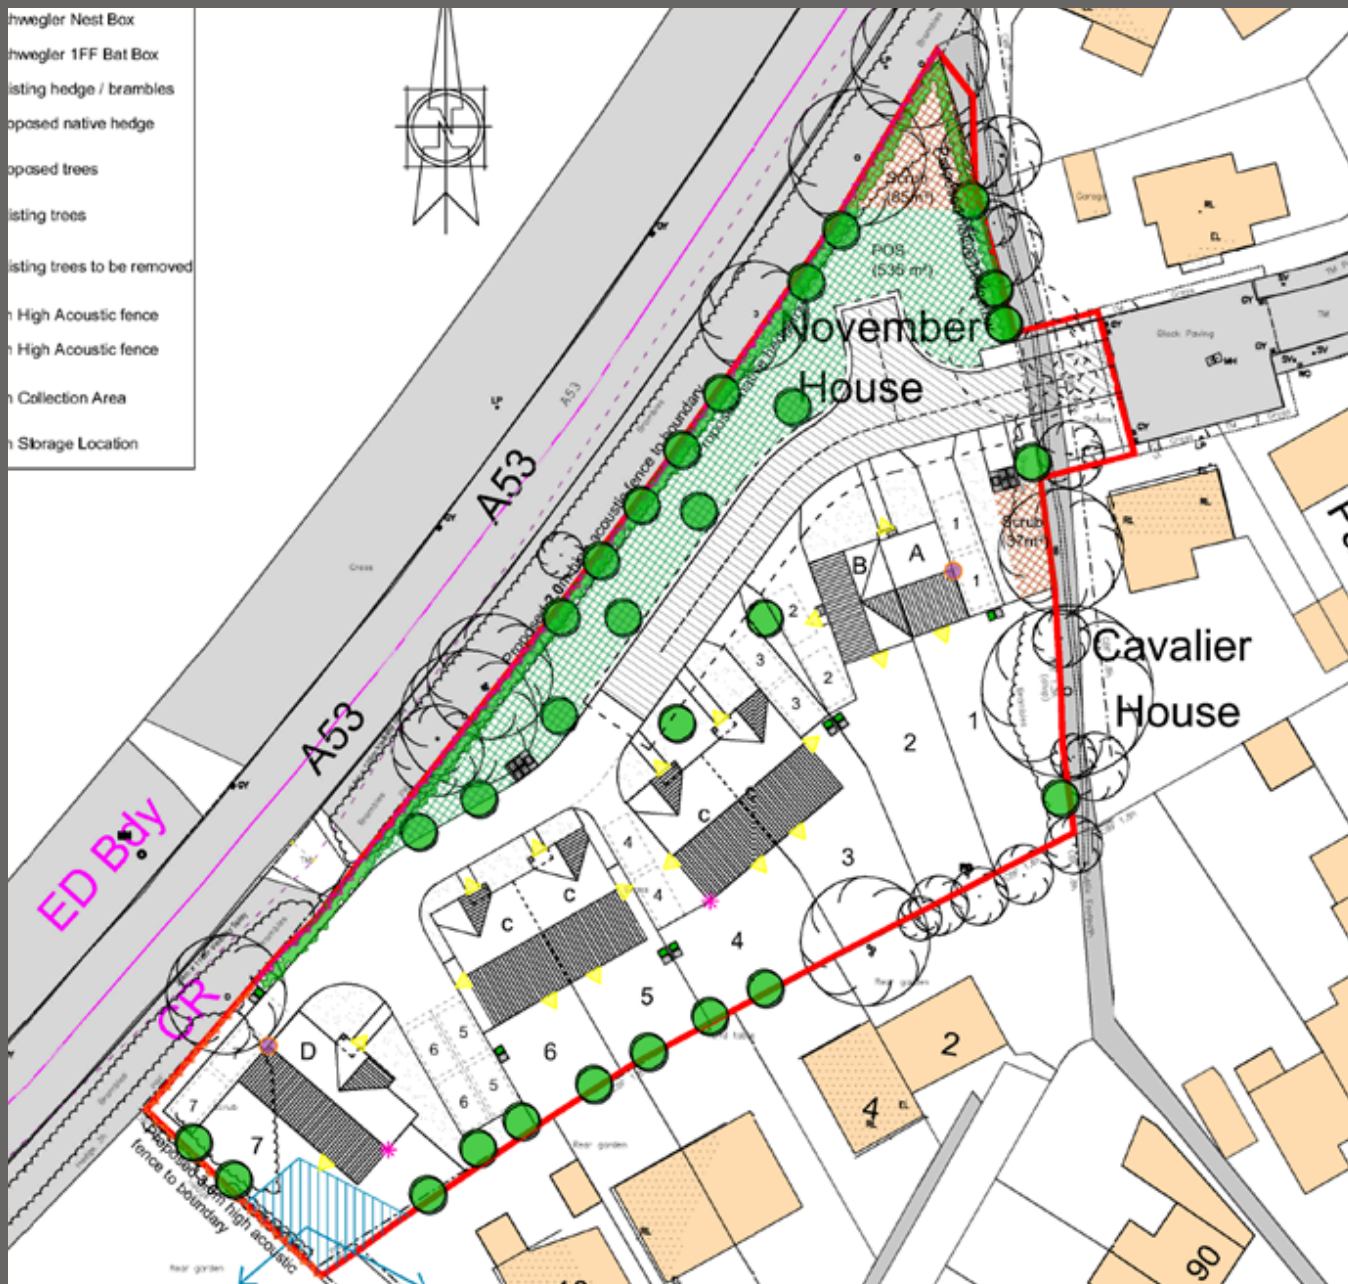

Planning permission was granted by Shropshire Council, subject to various conditions, in March 2025 for erection of seven dwellings and associated public open space. Ref 24/04744/FUL Please note that there is no requirement for affordable housing on the this development.

Public Open Space

Public open space including biodiversity enhancement measures are included on the site.
