Description

Bosta Bed and Breakfast is an attractive late-Victorian property dating from around 1900. This property has a substantial footprint and should be considered as a must-view option for anyone wishing to own a large property with strong business potential in a popular area of Inverness. Presented in excellent condition this property offers new owners the opportunity to develop a sound trading entity whilst having a spacious home. The property offers a mix of accommodation; 7 bedrooms, 7 bath / shower rooms, 3 lounges / dining room as well as a log cabin in the garden. All letting accommodation is presented to a good level although new owners may wish to stamp their own personality on the owners' accommodation. This property offers a superb home and income earning proposition in an outstanding location.

Trade

Trading from a most prominent location, the business successfully operates as a 4-bedroom guest house deriving trade from the many holidaymakers who visit Inverness and the surrounding areas. Whilst trading seasonally, the business enjoys a good level of profits whilst extending the operating period would offer the opportunity to build on that solid foundation. Tourism is a key income stream of trade for many B&B's in Inverness. The area attracts a high level of visitors who wish to play golf, fish, undertake walking and climbing holidays or partake in a more sedate excursion of the Highlands taking in the many sites and historical features. The property is a mere 10 min drive from Loch Ness. Bosta trades between April and October through the owners' choice. However, there is capacity to trade year-round as demand for accommodation from visitors and business-to-business related activity remains positive during the winter months.

The current owners utilise various online booking platforms to promote their business including Visit Scotland. Currently there is not a dedicated website for the business. The location and stature of the building is such that it is easy to locate for those who have booked and the casual passer-by seeking accommodation.

Reason For Sale

The present owners purchased Bosta in 2019 and have enjoyed their time operating the business. However, it is their desire to retire from hospitality and pursue a new venture that brings this opportunity to the market.

Location

The centre of Inverness is a few minutes' walk from the guest house and ideally situated for those either visiting nearby shops and restaurants or working in the city. Inverness has extensive facilities for visitors, boasting numerous golf courses, an excellent indoor swimming complex, cinema, bowling and ample opportunity to enjoy evening entertainment at a range of venues which includes Eden Court Theatre. Nearby Cawdor Castle offers a taste of Scotland's medieval past while Culloden Battlefield and Visitor Centre is an ongoing testament to Bonnie Prince Charlie's final futile attempt to gain the throne in 1745/6. Whether it is a whisky trail, a boat trip on Loch Ness or a visit to one of the many accessible Scottish castles, the property is ideally situated to allow guests to undertake their odyssey of the Highlands, being within easy reach of a wide range of visitor attractions. Inverness is a vibrant and growing city and with such expansion comes many opportunities in both commerce and social activities. Such growth benefits established hospitality businesses and ensures a year-round trade.

Inverness is also a popular city in which to live with a vibrant cultural offering and the presence of many social and entertainment venues close-by. The city also has excellent communications links (bus and rail station, with the airport 15 minutes' drive away).
