Seller Insight

The Clock House is the superb renovation of a Victorian village school into a modern spacious and luxurious family home. The present owner had the vision to see that the building, dated eighteen fifty six, could continue its story in a different guise and is proud of the result, where charming period features blend seamlessly with the sophistication of twenty first century living.

The owner worked to the highest specification with an awareness of the requirements of a family home and its aesthetic designs. You can see and understand the high level of craftsmanship that went into the redesigning of this beautiful and finely detailed home. The house now sits as a fabulous blank canvas on which the new owners can stamp their personality to make the house their own.

The expansive ground floor has an uninterrupted common space that opens to the gourmet kitchen. This functional area is an attractive mix of beams, exposed brickwork, open fireplace, vaulted ceilings and generous windows that flood the room with natural light, creating a positive ambience throughout. It makes the ideal entertaining space and a great area for the family to relax and dine. Bifold doors give the option of separating the contemporary and chic kitchen which is equipped for the keen cook.

The four bedrooms with two ensembles plus a family bathroom all add to the appeal of the property as a family home; and the study would also be perfect as a fifth bedroom. It benefits from its own cloakroom, separate entrance and access to the garden.

The private south facing garden is a delightful suntrap. A two car barn with an electric charging point has been designed to allow additional accommodation to be created in the roof space (subject to planning permission). The old clock and bell tower add to the kerb appeal and historic interest of the Clock House that sits in the heart of Detling village. The community minded village sits at the foot of the spectacular North Downs, and is only three miles from Maidstone with its shops restaurants and station with a frequent service into London Charing Cross and Victoria.
