One of three highly insulated terraced new builds slated for completion in Autumn 2024, this residence stands out for its high specification and build quality. The upper level hosts two bedrooms with integrated wardrobes, accompanied by a family bathroom. On the ground floor, a well-appointed kitchen transitions into an ample lounge/dining area, leading to an enclosed, low maintenance rear patio garden. Noteworthy features include an air source heat pump complementing the underfloor heating system, alongside double-glazed windows, ensuring optimal energy efficiency. With a centralised thermostat system and radiator heating upstairs, this residence exemplifies both comfort and sustainability. Contact us today to find out how you can secure your new home.

Camborne town is within approximately half a mile and offers a range of shopping facilities, primary and secondary schooling, a bus station and main line railway station. A Tesco store is also within a short distance.

We understand that a planning application has been submitted to Cornwall Council (awaiting decision) for a regeneration project at Gerry Park to include the construction of a wheeled sports facility, a mixed-use games area, outdoor gym equipment and a community hub building with public conveniences. The football pitch is to be reinstated, with better car parking provision on site and improved access and visibility from the surrounding streets to enhance cycle and walking links, providing new 'gateways' to the Park. Other improvements also include a fully accessible perimeter path, seating areas and spaces for social gatherings. The southern meadow with retain areas for quiet reflection and dog walking within the parkland setting, with new wildflower areas, ornamental gardens and enhanced tree planting throughout the Park
