Mabel's Cottage 2 Hendra Cottages

Stithians, Truro, TR3 7AH

£299,950

Situated in the ever popular village of Stithians, this lovely character Grade II Listed cottage has many traditional features and benefits from two bedrooms, a lounge with a multi fuel stove, a dining area, a fitted kitchen and a first floor family bathroom with a separate shower cubicle. Externally there is an enclosed cobbled front garden and a lovely enclosed rear garden with a decked area and a raised lawn.

We are delighted to bring to market this classic Cornish cottage, originally built on traditional craftsmanship dating back over 300 years and with materials that have absolutely stood the test of time, therefore an early viewing is highly recommended. Much enhanced by the current vendor, ensuring the property continues to ooze homely charm and charisma, the cosiness of the living area is emphasized by a tremendous inglenook fireplace with a multi fuel burner. Recently fitted LVT flooring complements the warmth of the original exposed beams, the dual aspect living and dining area flows seamlessly through to the kitchen via a recessed pantry feature offering additional work surface space. Wooden flooring throughout the first floor continues the traditional theme where the large main bedroom benefits from a double built-in wardrobe. The Cornish stone fireplace style is carried over here creating an internal wall with the unexpected addition of a large wooden shelf to add further to the space available. Equally, the second bedroom offers built-in storage with character added through the part pitched ceiling. A well equipped bathroom offers both a bath and separate shower cubicle. Externally, the angular shaped rear garden with a raised lawned area is complemented by a decking area that benefits very positively from the overall south facing position. The village of Stithians is a very popular location as it lies in the middle of the triangle bounded by Redruth, Helston and Falmouth, all of which can be reached by public transport. The local primary school is very convenient in being less than five minutes walk from the cottage. Furthermore, there is a convenience store, a popular public house and a large children's play area all within similar walking distances. Further afield, Stithians Lake and its activities centre are within two miles and the city of Truro can be reached in less than half an hour by car. The surrounding area also offers many countryside walks.

A wooden front door with six glazed panes in the upper half and matching side panels above a deep slate sill lead into the lounge/living area.
