Early viewing is highly recommended to appreciate the living space on offer of this three bedroomed family home, with potential to extend. To boot, there is plenty of parking on offer and the property comes with a double garage in the format of two semi-detached integrated garages. Set in a pleasant, quiet cul-de-sac of similar properties, this house offers convenient, nearby connections to a whole host of local amenities including schools, major supermarkets and commuter routes. Internally, interconnecting living gives a natural flow from the hallway into the open plan lounge/living room/diner and kitchen which provides a link to a utility room which gives access to the rear garden and the back of one of the garages. From here, there is open access to a corridor which leads to a convenient shower room, the rear garden and the back of the second garage. There is a rear conservatory, accessed from the lounge/living room/diner, that could be purposed as a dining room if so required. To the first floor, there are three bedrooms, two of which have built-in double wardrobes along with the third bedroom which has a large built-in storage cupboard with hanging space. All bedrooms are complemented by a modern family bathroom. Externally to the rear, there is a large albeit low maintenance garden which has a block paved patio and gravelled area which is where you will find a large workshop which could be re-purposed to a home office or as the new owner so desires. There is a wraparound effect linking to the front of the property where again, you will find a low maintenance garden with driveway parking for three/four vehicles along with front access to the integrated garages. It should also be noted that the vendor had planning permission for extensive extension work so although now lapsed, the new owner may wish to explore any opportunities subject to contacting the relevant authorities. In terms of location, there are several major supermarkets within walking distance or through a short drive. There are also nearby schools, including the local primary school which is within a fifteen minute walk or three minute drive and the local academy which is only slightly further. The local leisure centre is within a twenty minute walk or short drive and there is a health centre within a similar distance. For those requiring access, the A30 trunk road is approximately one and a half miles distant. Further afield, Redruth town centre is within a ten minute drive and there are also local bus services available. In addition, the property is close to the largest area of woodland in West Cornwall, with access to Tehidy Country Park and Golf Course, both within five miles. Also, within proximity are several North Cornwall coastal towns including Portreath which is within four miles. Furthermore, other surrounding beaches and local attractions are also accessible.
