Important Notes for Solicitors:

This freehold property (No. ON202406) lies on an ex-RAF military housing estate and backs onto the Bicester Heritage site, formally being RAF Bicester, now closed. The houses were sold off and the development is now a private estate with the roads, water supply and sewerage systems being under estate management. This is managed by Rowans Estate Management Ltd with fees of about £220 per year, £110 paid every 6 months.

The property was originally purchased by the current using Help to Buy but this has subsequently been paid off. It is not shared ownership.

It is of standard construction, built around the 1960's and lies within it's original footprint with no additions. Only the open porch to the front is flat roofed. As the previous owner had installed spray foam insulation in the loft and this was a problem when it came to re-mortgage. It has now been re-roofed and the foam removed. The cloakroom has been fitted into what was the under-stairs cupboard. The fusebox is a modern metal cased one and there is an existing NICEIC report.

The boiler is a 'Vaillant' model located in the loft for which gas service documentation is available.

SEARCHES: Be advised, expedited InfoTrack searches are available from ourselves via HMG Law in about 4-5 days for £575. We can either invoice yourselves or the client. Standard slow searches taking 3-6 weeks are considered unacceptably slow.
