Occupying a little under 2500 sq. ft, this beautifully executed four/five bedroom home with separate studio space is tucked away on a sought-after private lane nestled within the heart of the village of Stonesfield.

Built in 2012, the property offers a series of well proportioned and versatile spaces which have been orientated to work around modern day family life. A neutral palette features throughout the property and emphasises the wonderful flow of natural light which bathes the pleasant interiors. The primary entrance on the north-westerly façade follows through to a bright central hallway with the large kitchen/breakfast room to the immediate left. Currently considered the 'heart' of the home, the well equipped kitchen has been designed in a social layout and offers an ideal spot for entertaining. The open plan living/dining room is located to the rear and spans the entire width of the property, providing direct access to the mature rear garden. The ground floor also offers a home study, utility room and W.C for added convenience.

Ascending the staircase, the upper storey is home to four double bedrooms and a family bathroom. The principal and second bedrooms both benefit from en-suite facilities and all bedrooms have useful built-in storage.

Adjacent to the property is a substantial double garage with valuable first floor studio space or provision for a fifth bedroom above making this an ideal option for those looking to work from home or need multi-generational living. The south-east facing rear garden acts as a natural extension of the living area during the summer months with direct access from the dining room to the patio and lawned area. Driveway parking is available for multiple vehicles.
