Constructed in 2023, this beautifully executed four bedroom home is set within a quiet residential pocket just off Cumnor Hill and represents an idyllic balance between city and rural living.

Occupying over 2060 sq ft, the property is defined by its clean lines, contemporary aesthetic and series of voluminous and versatile living spaces. The ground floor flows seamlessly from the large reception room which spans the front of the property to the impressive kitchen/dining room, carefully orientated to optimise the views of the rural vermicular behind. Centred around a large island, the kitchen harnesses the allure of minimalist styling and welcomes a wonderful quality of natural light with floor-to-ceiling bespoke cabinetry offering plenty of concealed storage. Full-height sliding doors frame the backdrop of the rear garden and open onto the decked entertaining area, creating an effortless transition between the interior and exterior spaces. There is also a utility room and handy W.C for added convenience.

The four well-proportioned double bedrooms, two with en-suite facilities, and the family bathroom are spread across the first and second floors.

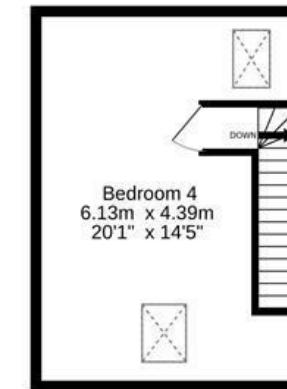

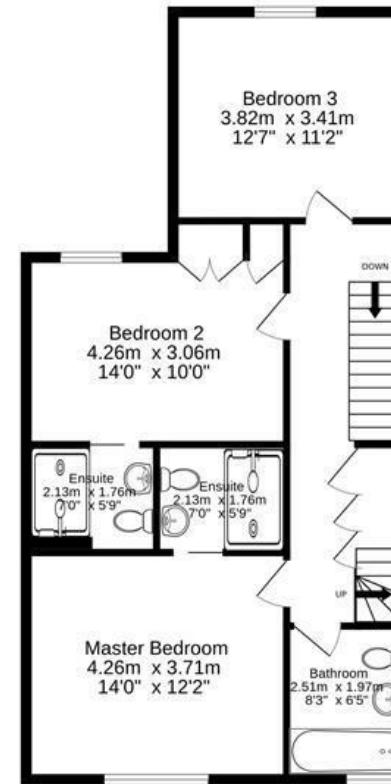

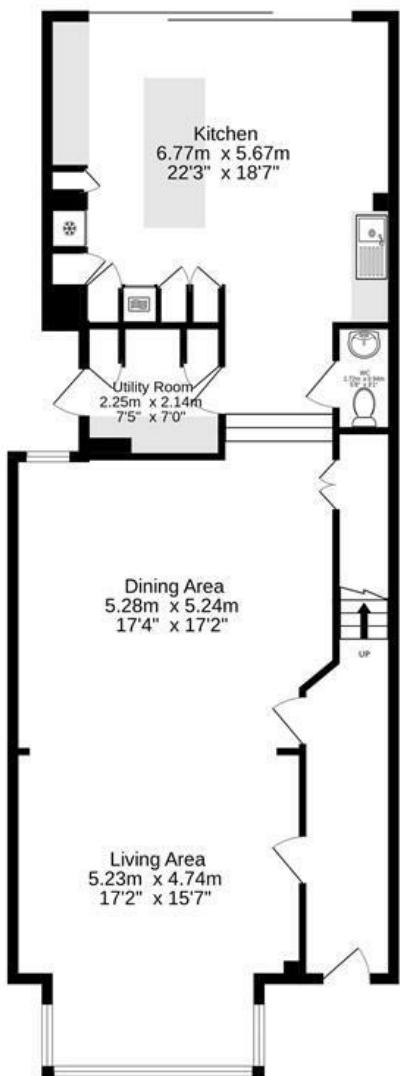

Externally, the elevated decking area at the rear of the property extends to a large expanse of lawn with well stocked border. There is also driveway parking for multiple vehicles as well as side access.

Please note: the property is sold unfurnished. These photographs have been digitally altered to represent how the rooms could look.
